**Project #125-001255-011**

Dear Ms. Heck:

The purpose of this letter is to provide Ohio Environmental Protection Agency (EPA) concurrence on the final Decision Document for the former Lockbourne Air Force Base landfill as requested in your letter, dated July 12, 2012. Ohio EPA received an electronic copy of the final Decision Document on July 25, 2012.

Ohio EPA has been involved in the review of all aspects of the remedial investigation and feasibility study process pursuant to the Defense-State Memorandum of Agreement. You requested that Ohio EPA review the draft Decision Document, and we provided comments as requested. Ohio EPA concurred with USACE's responses to comments on March 22, 2012. Ohio EPA has reviewed the final Decision Document and has no further comments and concurs with the selected remedy.

If you have any questions, please feel free to contact Fred Myers, Central District Office, at (614) 728-3830.

Sincerely,

  
Cindy Hafner, Chief  
Division of Environmental Response and Revitalization
