

## **PUBLIC COMMENT PERIOD**

### **Proposed Plan for Incendiary Fuel Disposal Area (SOP-Z) of the Former Scioto Ordnance Plant (Marion, Ohio)**

The U.S. Army Corps of Engineers (USACE) invites you to review and comment on the Proposed Plan for Incendiary Fuel Disposal Area (SOP-Z), located at the former Scioto Ordnance Plant in Marion, Ohio.

In the Proposed Plan, USACE proposes No Further Action (NFA) at the site based on the results of environmental investigations and removal actions.

The Proposed Plan covers the site background, previous site investigation activities, removal actions, environmental sampling activities and an ecological and human health risk assessment.

In response to this proposal, USACE will be soliciting comments for 30 days to gather input from the community. The public comment period begins on February 3, 2015 and ends on March 4, 2015. Public comments received during this period will be considered in the final decision making process for the Incendiary Fuel Disposal Area (SOP-Z). Comments should be directed to:

Dr. David J. Brancato  
Technical Manager
