LOUISVILLE DISTRICT

DUKE ENERGY EAST BEND GENERATION STATION

OHIO RIVER MILE 511

UNION COUNTY KENTUCKY

Duke Energy will start dredging using a long reach backhoe to clear silt at equipment dock and spillway to allow tug boat and barge access. The silt will be disposed in the onsite authorized disposal area. **The work is expected to last a duration of twelve days depending on weather conditions and expected to take place between April 20, 2016 and May 10, 2016.**

The equipment will consist of a single floating barge with clam shell and long reach backhoe. Equipment will be located at the lower dock during non working hours. Hours of operation will be during daylight hours. Marine Channel 13 will be monitored.

For additional information contact JR Wood/ Environmental Coordinator 513-467-4833 or Shift Supervisor, Control Room 812-949-6424
