

Request for a Jurisdictional Determination Form

This form can be used when you want to determine if areas on your property fall under regulatory requirements of the U.S. Army Corps of Engineers (Corps). Please supply the following information and supporting documents described below. This form can be filled out online and then printed. **It must be signed by the property owner** to be considered a formal request. **We require original signatures; faxes are not acceptable.** Submitting this request authorizes the Corps to field inspect the property site (if necessary) to help in the determination process. In order to make a jurisdictional determination of water resources on a property, the Corps may request a delineation of those resources. The printed form and supporting documents should be mailed to:

U.S. Army Corps of Engineers, Louisville District
CELRL-OPF, Room 752
P.O. Box 59
Louisville, KY 40201-0059

Property Address: _____

County _____ State _____
Approximate size of property in acres: _____

Property Owner Name and Mailing address (if different from the property address):

Daytime Phone: _____

Email Address: _____

The subject property is: (check as many as applicable)

cleared (if checked, how long?) _____ wooded pasture agricultural field

The water resources on the subject property include: (check as many as applicable)

Streams How many? _____ Estimated lengths _____

Ponds How many? _____ Estimated acres _____

Wetlands How many? _____ Estimated acres _____

Other Water Resources (ditches, swales, etc.) How many? _____

Is the property in an incorporated area? Yes or No

If it is in an incorporated area, please provide the name of the city/town _____

Is the property subject to a conservation easement or deed restriction? Yes or No

Was the property used as mitigation for a previously permitted project by the Corps? Yes or No

Is the property neighboring, adjacent to and/or bordering a project previously permitted by the Corps?
Yes or No or Unknown

For the previous 3 questions, where answered Yes, please explain and provide the name of the project, permit number, permittee name, or permitted property address, if available:

MAPS: Provide maps (aerial photo, city or county map, soil survey photo, USGS Quad map, etc.) that accurately identify the physical boundaries of the property and potential water resources.

If the property and/or the water resource in question are to be surveyed, we suggest waiting for the survey to be completed and include a copy with your request.

DELINEATION REPORT: Provide a copy of any waterbody delineation reports. If the property is farmland, it may be necessary for you to contact the Natural Resources Conservation Service (NRCS) for a wetland delineation before you can request a jurisdictional determination.

PHOTOGRAPHS: We must see complete coverage of the property and/or the water resource in question, including the grass and trees.

PROCEDURE: We will review all available data within our office and attempt to provide a quick, accurate response to your request. Many determinations require a field site visit, which always takes more time to complete.

Any other data you can include may help, such as land use or cropping history for the past five years, drainage improvements, etc.

I hereby certify that the information contained in this Request for a Jurisdictional Determination is accurate and complete.

Signature of Property Owner

Date

Disclaimer: The information requirement for a jurisdictional determination as presented in this form is not an exhaustive list. The U.S. Army Corps of Engineers may request additional information not described in this request form.
