Dear Ms. Hilden:

This is in regard to your letter of May 20, 2009, concerning the proposed bridge replacement project on State Route 56 in Pike County, Indiana (Des. No. 0400446). We have reviewed the submitted data relative to Section 404 of the Clean Water Act.

The provided information does not indicate that a placement of dredged or fill material will be required, permanently or temporarily, into any "waters of the United States". Therefore, a Department of the Army (DA) permit is not required.

Our comments on this project are limited to only those effects which may fall within our area of jurisdiction and thus does not obviate the need to obtain other permits from other Federal, state or local agencies.

If you have any questions concerning this matter, please contact me by writing to the above address or by calling 317-532-4197. Any correspondence should reference our assigned Identification Number LRL-2008-298-djd.

Sincerely,

Deborah Duda Snyder
