Mr. Kevin Myers

Frankfort, Indiana 46041

Dear Mr. Myers:

This is in regard to the application dated June 27, 2011, for a Department of the Army permit to authorize the proposed construction of a new bridge carrying the new alignment of County Road 200 West over Blinn Ditch (Des. No. 0902171). We have reviewed the submitted data relative to Section 404 of the Clean Water Act.

The provided information indicates that no placement of dredged or fill material will be required, permanently or temporarily, into any "waters of the United States." Therefore, a Department of the Army permit is not required. Should your method of construction necessitate such a discharge, we suggest that you resubmit that portion of your project so that we may determine whether an individual DA permit is required.

If you have any questions concerning this matter, please contact Ms. Sarah McKeown, Project Manager, by writing to the above address, calling 317-532-4392, or by emailing Sarah.J.McKeown@usace.army.mil. Any correspondence should reference our assigned Identification Number LRL-2009-107-sjm.

Sincerely,

A handwritten signature in black ink, appearing to read "Laban C. Lindley".
