Dear Ms. Herber:

This is in regard to your letter of March 3, 2011, concerning the proposed rehabilitation of the bridge carrying Interstate 69 over Barren Creek, Grant County, Indiana (Des. No. 0800969). We have reviewed the submitted data relative to Section 404 of the Clean Water Act.

The provided information indicates that no placement of dredged or fill material will be required, permanently or temporarily, into any "waters of the United States." Therefore, a Department of the Army (DA) permit is not required. Should your method of construction necessitate such a discharge, we suggest that you resubmit that portion of your project so that we may determine whether an individual DA permit is required.

If you have any questions concerning this matter, please contact Ms. Sarah McKeown, Project Manager, by writing to the above address, calling 317-532-4392, or by emailing Sarah.J.McKeown@usace.army.mil. Any correspondence should reference our assigned Identification Number LRL-2011-262-sjm.

Sincerely,

A handwritten signature in cursive script that reads "Laban C. Lindley".
