Ms. Alison Buchanan  
Frontier Communications  
2401 Chicago Street  
Valparaiso, IN 46383

Dear Ms. Buchanan:

This is in regard to your letter of November 14, 2012, concerning the proposed placement of a communications cable under the Eel River at the 3<sup>rd</sup> Street bridge in Logansport by jack and boring method. The project area is located in Section 25, Township 27 North, Range 2 East, Cass County, Indiana. We have reviewed the submitted data relative to Section 404 of the Clean Water Act (CWA).

The provided information indicates that the proposed project would not require the placement of dredged or fill material permanently or temporarily, into any waters of the U.S. Consequently, your proposal is not subject to regulation pursuant to Section 404 CWA and a Department of the Army (DA) permit is not required. Should your method of construction necessitate such a discharge, we suggest that you resubmit that portion of your project so that we may determine whether a DA permit is required.

If you have any questions concerning this matter, please contact Daniel Zay by writing to the above address, calling 317-498-5067, or emailing [Daniel.l.Zay@usace.army.mil](mailto:Daniel.l.Zay@usace.army.mil). Any correspondence should reference our assigned Identification Number LRL-2012-1061-dlz.

Sincerely,

A handwritten signature in black ink that reads "Laban C. Lindley".

Laban C. Lindley
