## SMITHLAND LOCKS AND DAM

## RESTRICTIONS AND CLOSURES

### OHIO RIVER

**REFERENCE:** Navigation Notice #2019-018, dated April 23, 2019 and Navigation Notice #2019-033, dated June 12, 2019.

Smithland Locks and Dam (Ohio River mile 918.5). Multiple closures are necessary at Smithland to facilitate lock chamber maintenance by the Heavy Capacity Fleet and dam maintenance by the Light Capacity Fleet. These closures changes and additions to the closures outlined in Navigation Notices #2019-018 and #2019-033. Completed work from the previous notices have been omitted from this notice. These restrictions and closures are as follows:

**26 June 2019 – 9 August 2019:** River chamber closure for Heavy Capacity Repair Fleet to dewater and repair River Chamber. Reference: Navigation Notice #2019-018, dated April 23, 2019.

**9 August – 14 August 2019:** After completion of the repair work in the river chamber, the land chamber will be closed for the Heavy Capacity Fleet to stage for mobilization. The river chamber will be open during this time.

**29 August – 3 September 2019:** Single chamber closure for the Light Capacity Fleet to stage for repairs on the dam. All traffic will pass through the other chamber during this time.

**25 October – 15 November 2019:** Land chamber closure for the Light Capacity Fleet to perform hydraulic system repairs. All traffic will pass through the river chamber during this time.

All mariners will take direction from Smithland Lock Operators and exercise caution when transiting.
