Navigation Notice # 2022-001 dated January 19, 2022
Navigation Notice # 2022-003 dated January 24, 2022
Navigation Notice # 2022-009 dated April 14, 2022
Navigation Notice # 2022-026 dated July 20, 2022

Primary (1200 ft) Chamber Closure: The Primary (1200 ft) Chamber will be closed from 5 July through 11 November 2022 to allow replacement of the miter gates by the Heavy Capacity Fleet.

Auxiliary (600 ft) Chamber intermittent closures: Between 26 September and 28 September, the Auxiliary (600 ft) Chamber will have a 12-hour closure to support the miter gate leaf installation on the upstream side of the Primary (1200 ft) Chamber. The Heavy Capacity Fleet will occupy the auxiliary chamber during this time. During this closure, all traffic will stop.

Between 26 September and 30 September, the Auxiliary (600 ft) Chamber will have three additional closures up to 4 hours so the Heavy Capacity Fleet can install the anchorage pins without pool fluctuations. The Heavy Capacity Fleet will not occupy the auxiliary chamber during this time and traffic will resume immediately when the gate leaf is secured. During these closures, all traffic will stop.
