

PUBLIC NOTICE

Public workshop being held for Miami River Area Master Plan Update

LOUISVILLE, KY. – The U.S. Army Corps of Engineers is starting the process of updating its Master Plans for lakes in the Miami River Area including Caesar Creek Lake in Waynesville, Clarence J. Brown Dam and Reservoir in Springfield, and West Fork Lake in Cincinnati, OH.

A Master Plan is the document that conceptually establishes and guides the orderly development, administration, maintenance, preservation, enhancement, and management of all natural, cultural, and recreational resources of a Corps water resource project.

Public input is critical in the Master Plan update process. The public is invited to open house workshops to provide input. The public can also visit our website and fill out the questionnaire at: <https://www.lrl.usace.army.mil/Miami-River-Master-Plans/>
