DIVING OPERATIONS

GREEN RIVER LOCK AND DAM 2, GREEN RIVER MILE 63.0

Notice is given that on 22 August 2022, Lewis Environmental Consulting, LLC will be conducting diving operations adjacent to and within the navigation channel in support of navigation channel maintenance dredging operations for the Louisville District US Army Corps of Engineers at Green River Mile 63.0, Green River Locks and Dam 2 Lower Approach.

A portion of the diving operations will occur within the commercial navigation channel. The diver will be pulled from the water as needed to minimize traffic delays.

Dive operations will be conducted from a 26' aluminum cabin boat displaying dive flags.

The dive crew will monitor Marine Channel 13.

Hours of operation will be between 0730 – 1730 CT each day.

Vessel operators should exercise caution when transiting the area and allow enough time for the dive crew to pull divers from the water safely.

Dive operations will be completed by 26 August 2022.
