

LOUISVILLE DISTRICT REC AREA CLOSURES

In the interest of public safety due to COVID-19 concerns, and in accordance with Center for Disease Control recommendations, the U.S. Army Corps of Engineers Louisville District will be closing all Corps-managed day use recreational areas and associated public facilities (such as beaches, playgrounds, picnic shelters and restrooms) and postponing the opening of all campgrounds until further notice. Fishing tournaments or other water based events are not allowed at this time. These additional measures went into effect, March 16, at 5:00 p.m.(EST) at each of the district's 17 flood risk management projects throughout Kentucky, Indiana and Ohio. A complete list of impacted sites is below.

KENTUCKY

Barren River Lake		
Visitor Center	Quarry Road Beach	Bailey's Point Ramp
